soabar

Labels, Swing Tickets and Barcode Printers

T1 Series

The T1 printer is available as 200dpi as standard which is well suited for entry level textile applications

With the T1 textile printer in your company, you can print wash care labels on polyester and nylon on demand and sew them into your products the same day without waste saving time and money within the business.

A changing composition, care symbols, style codes or sizes are easy when coupled to our professional labelling software.

With onsite installation and training you can be sure your staff will be able to operate the printer easily.
